A time slot is the date and time at which the group leader is able to select a housing placement for their group.

For example, if your time slot is March 30, 2021 at 10am, your group leader is able to log onto the WashU Housing Portal to select housing and assign group members to bed spaces at or after the time slot. All group members must have their application in by the deadline to be eligible for a time slot.

Time slots are randomly generated for all groups participating. Groups who do not receive a time slot will be administratively assigned.
Students who are interested in Chapter Facilities (also known as Fraternity Housing) must connect with their chapter House Managers for information about how to submit your information.

- **Students must have a completed housing application in order to be eligible for Chapter Facility housing.**
- Indicate your interest in Chapter Facility housing on your application submission.
