

LGBTQIA+ Resources for Graduate Students

Pride Alliance

Pride Alliance is a multi-focus LGBTQIA+ (lesbian, gay, genderqueer, bi, transgender, queer, questioning, intersex, asexual, aromantic) organization open to all Washington University students regardless of sexual orientation, gender identity and/or gender expression. As an educational and advocacy network for the LGBTQIA+ community on campus, Pride Alliance collaborates with other groups at WashU and in the broader St. Louis community to create inclusive, intersectional and safe spaces for LGBTQIA+ students. We organize diverse social, activist and educational events such as Suite Sundays, Bi Visibility Week, Trans Awareness Week, Gender-Inclusive Clothing Swap, Pride Picnic, Gayla, Drag Show, Open Mic Night and monthly General Body Meetings to provide a supportive and stimulating environment for students to meet new people, form friendships, and gain confidence in their identities.

Sexuality and Gender Alliance

SAGA is the Brown School of Social Work and Public Health group focused on issues of sexuality and gender. Its mission is to foster a sense of community through social and educational programming, while applying a critical and intersectional lens to issues affecting the LGBTQIA+ community.

OUTgrads

About OUTgrads is the university-wide LGBTQ+ group dedicated to developing community among WUSTL graduate and professional students, faculty, and staff of all genders and sexual orientations, to promoting awareness of the issues that affect our communities, and to facilitating community involvement by our membership. We are especially concerned with promoting interdepartmental dialogue, providing support for graduate and professional students both socially and in their professional development, and encouraging advocacy on our campus and in the St. Louis area.

Email: OUTgrads@wustl.edu

oSTEM@WashU

oSTEM@WashU is the Washington University chapter of oSTEM. oSTEM, or Out in STEM, is a national organization that supports lesbian, gay, bisexual, transgender, questioning, intersex, asexual, and ally students interested in science, technology, engineering, and mathematics. With over 100 current chapters nationwide and growing, oSTEM is the largest national organization of its kind. We support our members through activism, professional, and social events, and an annual national conference.

OUTLaw

OUTLaw is an educational, political, and social alliance of law students interested in working with Washington University and the surrounding community towards fostering and maintaining an environment that is supportive, positive, and safe for LGBTQ+ individuals. In striving for a greater understanding of sexuality and gender issues at the law school and within the affiliated communities, OUTLAW aims at addressing the legal issues associated with sexual and gender diversity and provides resources and support for social activism.
